FIRE DEPARTMENT OPERATIONS AND ADMINISTRATION

Incidents

There were no incidents of note during the month of March.

Facilities

The Station 88 front office remodel is nearly complete. The new desk and cabinets were completed and installed by Growlersburg Conservation Camp. New flooring has also been installed throughout the station.

Public Outreach Events

On March 18th 2017, Cameron Park Fire Department held their annual Boot Drive to benefit the Firefighters Pacific Burn Institute. Cameron Park has been participating in the greater Sacramento regional boot drive for the last 15 years. This year we raised \$13,000 in a short 6 hour time frame, this was a \$3,000 increase over last year.

The Firefighters Burn Institute is a non-profit 501(c)(3) organization founded by Sacramento Fire Captain Cliff Haskell and the Sacramento Area Fire Fighters Local 522 in 1973, for the purpose of establishing a local burn treatment facility; providing recovery programs for burn survivors; providing fire and burn prevention through public education; funding education for burn team professionals, firefighters, and burn survivors; and supporting burn treatment and rehabilitation research.

El Dorado County Fire Chiefs Association

There were no new items of interest to report from the March 22nd El Dorado County Fire Chiefs Association meeting. The agenda and previous month's meeting minutes are attached.

JPA OPERATIONS AND ADMINISTRATION

JPA Board of Directors Meeting

There were no new items of interest to report from the March 22^{nd} JPA Board of Directors meeting. The agenda and previous month's meeting minutes are attached.

FIRE PREVENTION

Recent rains have helped fill our reservoirs and boost our average rainfall this year. This also means we will have plenty of grass growth throughout the foothills. Now is the time to get ready for wildfire. Perform your defensible space clearing. Only the first two weeks of April, Cameron Park allows outdoor residential debris burning. Yard waste may only be burned in piles, not to exceed 4 feet by 4 feet in size. Residents must also ensure it is a Residential Burn Day as allowed by the El Dorado Air Quality Management District. The telephone number you need to call to endure it is a burn day is 530-621-5897. Contact your local fire station for burn permits. Learn what other rules may apply to burning residential yard waste in Cameron Park.

As we transition into spring, we should ask ourselves, "Are we ready? Be ready for any disaster that may come our way. April is Disaster Preparedness Month. Building an emergency supply kit is easier than you think. An emergency supply kit should have enough food, water, and supplies for at least 72 hours. Your

kit should have items to sustain your family without electricity, gas or sewer. Some simple items to start your disaster kit are as follows;

* Water, one gallon per person per day for three days

- * Food, at least a three day supply of non-perishable food
- * Manual can opener
- * Battery-powered or hand crank radio and NOAA Weather Radio with extra batteries
- * Flashlights
- * First Aid Kit
- * Dust mask
- * Wrench, pliers, and other small tools to turn off utilities
- * Cell phone chargers, inverters or solar charger

There are more resources and ideas online that describe items that sometimes are overlooked, at www.ready.gov. A good offense is the best defense. Take a small amount of time to prepare. It will have tremendous rewards if the day comes where we find ourselves in need of our emergency supply kit.

5. Correspondence

Response letter from CAL FIRE regarding El Dorado Hills Fire Department's letter concerning a request for communication infrastructure enhancement feasibility study will be addressed under Item 8.1.

6. Reports

6.1 Receive/File Statistics for January 2017

Executive Director Hackett provided an overview of the statistics for the January response time reports.

6.2 Finance Committee Update

The following topics were discussed:

- FY 16-17 Revenue and Expenditure report.
- Submission of the FY 17-18 JPA budget.
- OPEB.
 - The March Finance Committee will be canceled and a special meeting will be scheduled to discuss this topic.
- JPA new office space.
- 6.3 Systems Status Management Committee Update

The following topics were discussed:

- Zoll won the field trial study that was conducted by Diamond Springs Fire. Training will be rolled out in the near future.
- The need for a half-time medic unit.
- Deferred discussion of Garden Valley Fire's request for a medic unit.
- Generic brand Epi pens.

7. Old Business

- 7.1 <u>ePCR Update (Standing Item)</u> Nothing to report.
- 7.2 <u>Review Upcoming Holiday/Event Calendar (Standing Item)</u> Congressman Tom McClintock is scheduled to speak at Oak Ridge High School on March 4.

8. New Business

8.1 <u>Discuss and Provide Direction Regarding El Dorado Hills Fire Department Letter Dated February 1,</u> 2017 Regarding Request for Feasibility Study Related to Expanded Capabilities of Camino ECC El Dorado Hills Fire has requested a cost estimate from CAL FIRE ECC for the completion of a feasibility study to address items that will enhance certain elements of the current communications systems. El Dorado Hills Fire will contract with CAL FIRE and/or a third party should the cost estimate be approved. There will be no cost to the JPA or other fire districts for the feasibility study should it proceed forward.

The requested feasibility study to address the following eight (8) infrastructure enhancements:

- 1. "Push button" direct CAD link communication (responding, at scene, returning, etc.)
- 2. Mapping system direct from a CAD push with hydrant overlays pre-fire plan layer, etc.
- 3. Dispatching of closet resource using AVL (Automatic Vehicle Location) (GPS).
- 4. Simulcast or Voting Repeater System (no manual repeater selection).
- 5. Repeated Tactical Radio Channels (critical communications not missed).
- 6. Emergency Signal Button use on portable radio to dispatch.
- 7. Ability to have an evacuation tone on tactical channel.
- 8. Folsom/EDH improved response through "CAD to CAD transfer" with resources on both sides visible to each other's respective dispatch consoles.

Director Estes stated that the ECC is being tasked to determine the ability, timeline and cost to implement the above request and whether it would be beneficial to the JPA districts. The ECC's position is that this request, as all others, are fully transparent and supported by all JPA board members. He stated that since there is no dedicated support for the ECC he will have to determine

if he has the personnel available to proceed with a cost estimate or if a third party would need to be hired.

Director Webb voiced his concern regarding the impact to services currently provided should El Dorado Hills Fire decide to leave the system in the future.

Director Estes to motioned allow the ECC, under his leadership, to provide a quote to El Dorado Hills Fire for a feasibility study to specifically address the eight (8) questions outlined in their letter dated February 1, 2017. Director Keating seconded the motion adding that there would be no cost incurred by the JPA related to the time and effort it will take the ECC to create a feasibility study cost estimate. Motion carried unanimously.

8.2 Image Trend RMS Program Update

The Image Trend sales representative will be hosting a webinar in the near future. Once a date and time has been identified Executive Director Hackett will notify the districts.

Director Savacool distributed a cost proposal for review.

- One time cost = \$37,500
- Annual reoccurring cost = \$7,200
- Total first year cost = \$44,700
- Total second year and beyond costs = \$7,200

Director Savacool will obtain additional information requested by the Board and distribute the information via email prior to the next meeting.

8.3 <u>Discuss and Approve Criteria, Requirements and Operational Use for New Half-Time Medic Unit</u> Executive Director Hackett stated that the half-time medic unit should either be in service from 0800 to 2000 hours or 0900 to 2100 hours. He also stated that the unit should not be considered the primary unit for IFT assignments but instead be utilized as an added resource in an already strained system. Criteria for staffing, training, equipment, and operational functions would be the same as those outlined in our advanced life-support ambulance contracts the JPA has with the sub-contracting fire districts. The home station posting should be either in the Core or the West End where calls for service are higher and where future development is going to occur.

Executive Director Hackett stated that the half-time medic unit was budgeted for in FY 17-18, however, if the JPA has the money to implement it in FY 16-17 and a district has been identified to run the unit, the JPA will move forward with implementation sooner.

Director Webb stated that the JPA is currently meeting its contractual obligation and that a thorough evaluation should be performed prior to approval of a half-time medic unit into the system. The JPA should continue discussions with the county regarding consideration of the ALS engines as part of the system and evaluate the costs and benefits as it relates to the ambulance system. Stopping the clock with an ALS first responder will reduce the move and cover impacts.

Director Roberts requested that the JPA investigate the need for a half-time medic unit during their upcoming strategic planning session.

The Board requested that Executive Director Hackett issue an RFI to the JPA fire districts to determine interest level in operating the half-time medic unit should the decision be made in the future to move forward with implementation into the system.

8.4 Discuss and Approve Defibrillator Monitor Purchase

Executive Director Hackett stated that the Diamond Springs Fire field trial study resulted in the selection of Zoll as the preferred vendor.

Director Keating motioned to approve the purchase of nine (9) X Series Zoll defibrillator monitors at a cost of \$346,122.29 as outlined on Zoll quote 231441 V3. Director Earle seconded the motion which carried unanimously.

8.5 <u>Surplus Medic Unit VIN 0395, VIN 0399 and VIN 2349</u> Director Webb motioned to approve the surplus of medic unit VIN 0395, VIN 0399 and VIN 2349. Director Hardy seconded the motion which carried unanimously.

Staff Report JPA Board Meeting March 22, 2017, 0800 hours Subject: EMS Appreciation Week

Emergency Medical Services (EMS) Appreciation Week is coming again in May. I want to encourage the JPA member agencies to bring forward the names of those staff members you would like have recognized for their superior contribution to the EMS profession. In addition, I would like to recommend we start this year by receiving nominations and identify a Firefighter/Paramedic/EMT of the Year.

Thank you.

STATE OF CALIFORNIA GOVERNOR'S OFFICE OF EMERGENCY SERVICES Cal OES 130 - Instructions

Cal OES Form 130 Instructions

A Designation of Applicant's Agent Resolution for Non-State Agencies is required of all Applicants to be eligible to receive funding. A new resolution must be submitted if a previously submitted Resolution is older than three (3) years from the last date of approval, is invalid or has not been submitted.

When completing the Cal OES Form 130, Applicants should fill in the blanks on page 1. The blanks are to be filled in as follows:

Resolution Section:

Governing Body: This is the group responsible for appointing and approving the Authorized Agents. Examples include: Board of Directors, City Council, Board of Supervisors, Board of Education, etc.

Name of Applicant: The public entity established under the laws of the State of California. Examples include: School District, Office of Education, City, County or Non-profit agency that has applied for the grant, such as: City of San Diego, Sacramento County, Burbank Unified School District, Napa County Office of Education, University Southern California.

Authorized Agent: These are the individuals that are authorized by the Governing Body to engage with the Federal Emergency Management Agency and the Governor's Office of Emergency Services regarding grants applied for by the Applicant. There are two ways of completing this section:

- 1. Titles Only: If the Governing Body so chooses, the titles of the Authorized Agents would be entered here, not their names. This allows the document to remain valid (for 3 years) if an Authorized Agent leaves the position and is replaced by another individual in the same title. If "Titles Only" is the chosen method, this document must be accompanied by a cover letter naming the Authorized Agents by name and title. This cover letter can be completed by any authorized person within the agency and does not require the Governing Body's signature.
- 2. Names and Titles: If the Governing Body so chooses, the names **and** titles of the Authorized Agents would be listed. A new Cal OES Form 130 will be required if any of the Authorized Agents are replaced, leave the position listed on the document or their title changes.
- **Governing Body Representative**: These are the names and titles of the approving Board Members. Examples include: Chairman of the Board, Director, Superintendent, etc. The names and titles **cannot** be one of the designated Authorized Agents, and a minimum of two or more approving board members need to be listed.

Certification Section:

Name and Title: This is the individual that was in attendance and recorded the Resolution creation and approval. Examples include: City Clerk, Secretary to the Board of Directors, County Clerk, etc. This person cannot be one of the designated Authorized Agents or Approving Board Member (if a person holds two positions such as City Manager and Secretary to the Board and the City Manager is to be listed as an Authorized Agent, then the same person holding the Secretary position would sign the document as Secretary to the Board (not City Manager) to eliminate "Self Certification."

Staff Report JPA Board Meeting March 22, 2017, 0800 hours Subject: Budget Adjustment

I am seeking approval from the Board to make budget adjustments in the event they are needed. The adjustments involve moving funds from one budget/sub-object to those that are in the negative. In the past, the Auditor/Controller's office has wanted to see Board approval for me to make such changes. The changes usually occur in June just before the closure of the fiscal year. I will report back to the Board any changes that are made.

Thank you.

2. Public Comments

3. Approval of Agenda

Chief Hardy motioned to approve the agenda as presented. Chief Roberts seconded the motion which carried unanimously.

4. Approval of Minutes from the January 25, 2017 Meeting

Chief Roberts motioned to approve the minutes as presented. Chief Hardy seconded the motion which carried unanimously.

5. Treasurer's Report

Chief Hardy provided a Treasurer's Report for the reporting period of January 18 – February 18, 2017. A copy of the report will be filed with the minutes.

6. Fire Advisory Board

6.1 <u>Term Limit Approval of Advisory Board Members</u> Chief Savacool stated that the Fire Advisory Board recently met and elected the five members - Chief Alameda, Chief Roberts, Chief Savacool, Chief Hardy, and Unit Chief Kaslin. Additionally, they are recommending Sue Hennike, El Dorado County Principal Administrative Analyst, to serve as the County Fire Coordinator. There is verbiage in the 1980 Resolution that formed the Fire Advisory Board that will be reworded so that the County Fire Coordinator position will not be required to be the secretary for the group. Once the language is amended Ms. Hennike will fill the role.

The following long term funding sources were discussed at the recent meeting.

- Patch funds
- Loan from the County
- Hotel tax
- Sales tax
- Modifying the existing \$25 parcel tax fee
- Increasing the ambulance fee

The county has requested one point of contact so the Fire Advisory Board will be that liaison. This change will eliminate the CCFD, however, members of the CCFD have been encouraged to attend either the Fire Chiefs Association and/or Fire Advisory Board meetings so their position on topics can be shared and then relayed by the Fire Advisory Board to the Board of Supervisors. The Fire Advisory Board will be providing the Board of Supervisors quarterly updates going forward.

The next Fire Advisory Board meeting will take place on March 8.

6.2 <u>Determine Replacement and Start Date for Advisory Board Member Unit Chief Kaslin</u> No replacement has been identified at this time for Unit Chief Kaslin. Deputy Chief Estes will be included in future meetings to ensure a continuity of service until a replacement has been identified.

7. Old Business

None.

8. New Business

8.1 EDC USAR Task Force Update

Deputy Chief Lilienthal updated the committee on the Fire Operations Committee decision to assign a USAR Task Force Program Manager and Assistant Program Manager to provide oversight for the group. Deputy Chief Lilienthal will serve as the Program Manager and Division Chief Paul McVay will serve as the Assistant Program Manager. Any decisions regarding changes to the USAR Task Force approved by the Fire Operations Committee will be reported to the Fire Chiefs Association as needed.

8.2 Authorization for Assoc. - Chief to Approve Fire Safe Council CWPP Report

Chief Savacool requested authorization from the Fire Chiefs Association to allow him, as the Chair, to sign/approve the Fire Safe Council CWPP report.

Chief Roberts motioned to authorize Chief Savacool, as the Fire Chiefs Association Chair, to approve the Fire Safe Council CWPP report along with Chief Alameda as the representative from the East Slope. Chief Dwyer seconded the motioned which carried unanimously.

8.3 Discuss Move Up and Cover Policy

Deputy Chief Lilienthal stated that the Fire Operations Committee group formed an ad-hoc committee to address issues with the current move up and cover system. The change recommendation presented today was approved by the ad-hoc committee and the Fire Operations Committee, however, Chief Ransdell did vote against the change. The approved changes are now being presented to the Fire Chiefs Association for final ratification.

Changes include:

- 84 moved up
- 91 deleted
- 83 moved up

Deputy Chief Earle stated that Chief Ransdell voted against the change to the policy citing that if there is a commercial structure fire that Diamond Springs Fire will not be backed filled. He requested that if the Fire Chiefs Association votes to approve the plan that the motion be made to implement the changes on a trial basis.

Chief Hardy motioned to approve the Fire Operations Committee's recommended changes to the Move Up and Cover Policy as presented with a recommendation that the policy is reviewed on an annual basis. Chief Roberts seconded the motion.

Deputy Chief Earle requested that the motion be amended to have a quarterly progress update provided from the Fire Operations Committee to the Fire Chiefs Association on the status of the changes and if any major issues are identified they are brought forward for review/discussion.

Chief Hardy amended his motion to include Deputy Chief Earle's request as stated above. Motion carried. Deputy Chief Earle and Chief D. Dwyer voted against the action.

PROGRAM DESCRIPTION: This event was held in late January this year so it would not correspond to the day before the Super Bowl. The event focus was purchasing something for that special someone for Valentine's Day. Food and beverages were available. The focus of this event is jewelry and wine. There are always so many jewelry vendors for the events we host and this allows for those that cannot attend another show the opportunity to participate. Seating was provided, tables with pink and red table cloths and decorations were placed close to the beverage sales area.

SUPPLIES AND RESOURCES: All previous vendors were contacted as were those who were on a wait list from previous events. Banners, posters, and signs were made for the event.

VENDOR EVALUATION: Please find the evaluations from the vendors that participated at the event. Rating out of a scale of 5.0, 5 being excellent.

PROGRAM DESCRIPTION:

This is the fifth year this event has occurred. Affair of the Heart is a public health focused event presented by Marshall Hospital and the Cameron Park CSD. The event targets adults, aged 40-70, from the areas of Cameron Park, El Dorado Hills and Placerville.

The event is free to the public. Activities included presentations by two Cardiologists on *'Tips for Living a Heart Healthy* Lifestyle' and *'Heart Palpitations: Causes and Cures'*. Two cooking demonstrations were presented by Kim Medici from Table Nectar, Local & Organic Catering in the kitchen at 4:30pm and 6:15pm. The following class demonstrations were done on the stage Senior Fitness at 4:30pm, Jazzercise at 5:15pm, Zumba at 5:45pm, and Family Zumba at 6:15pm.

Vendors included chair massage, wine tasting (Lava Cap, Miraflores, Madrona, and Mastroserio), health screening, healthy food samples from local restaurants (including Bella Bru, Bel Air, Annabelle's Chocolate, Kobe Sushi, Wally's Pizza, Totem Coffee, Argonaut Farm to Fork Café), a vegetable/fruit display from Bel Air and a shopper's expo featuring Global Goods, It's Organic, Charmed by Victoria, Two Hot Chicks, Dog Friendly Trails, Sam's Town Cyclery, Snap Fitness, doTerra, Monate Global Hair Care, and Coloma Gold.

Marshall Medical recruited the speakers, coordinated the health fair components, solicited the restaurants and wineries, and promoted the event through advertisement. The CSD provided the venue, the tables and chairs, arranged for instructors to demonstrate their classes and solicited vendors for the shopper's expo.

Z: EVENTS/Affair of the Heart/2017

SUPPLIES AND RESOURCES:

Mailers were sent out by Marshall as well as large ads in the local papers, Style Magazine, The Clipper, Windfall, Cameron Park Life Newsletter and more. Postcards were provided by Marshall to be placed at local businesses as well.

EVALUATION:

The event was very successful. Marshall Medical rented the pipe and drapes to be placed behind all of the exhibit booths as well as 8 foot tables. The rental items were delivered and set up by 1pm which gave plenty of time for the vendors to set up the displays. Marshall Medical provided black linens for all of the display tables and green linens for some of the food tables. People started showing up early at 3:30pm. The weather was rainy and wet during set up and the beginning of the event. Lots of free items were available including bags, pens, activity guides, and free health screenings. The speakers were moved into the social room with the door being monitored. The screenings were moved into the dance room and this location worked out great. The mirror in the dance room was covered. Class demos were good and there were a good sampling of health related vendors.

Shopper's Expo Vendor's evaluation results: out of a rating of 1 to 5, 5 being excellent.

Suggestions for next year:

- Do not hold the event on the Tuesday after a holiday. The date for 2018 will be Wednesday, February 28th.
- The sound system needs to work better. When introductions were made the mics did not work.
- Doctor's presentations in the social room were well received. The door to the room needs to remain open or have a sign stating that people can still come in to listen to the doctors.
- Demos were good. Some were not performed on time and help was needed with the sound equipment. We need to have different demos, there was too much Zumba this year.
- Allow the vendors 5 minutes to promote their company, or incorporate vendor demos.
- Add a recognition board/sign with Bel Air, restaurants and wineries.

The Cameron Park CSD will get you moving in March

Cameron Park Community Services District News release

Spring is coming and along with warmer weather come many Cameron Park Community Services District activities to keep everyone busy.

March kicks off a new session of taekwondo classes available to all ages. Work on coordination, balance, selfcontrol, blocks and kicks while in your own taekwondo uniform, included free with each class.

If you or a family member prefers gymnastics and tumbling, there are a variety of classes available, including Boys Beginning Gymnastics, Girls Gymnastics, Mini Gym and Trampoline & Tumbling.

If dance is more your style. the CPCSD currently offers a variety of dance classes. There is a little something for everyone ... even those with two left feet - Baby Ballet, Pre-Ballet, Children's Beginning Hula, Creative Dance, Zumba for Kids & Parents and Beyond Basics Youth Hula. Cha Cha, Salsa/Merengue, Middle Eastern Dance and Hula classes are offered for adults. Sign up for the Swing Dance Workshop from 9 to 11 a.m. on Saturday, March 11. No experience is necessary for this fun workshop, which will include both East Coast Swing and West Coast Swing patterns.

If you enjoy music, try your hand at a classical guitar class.

Want to make an Easter glass plate or attend a jewelry making class? These classes are also offered this month.

Learn the basic techniques of fly casting, how to assemble and string a fly rod, how to grip the rod, safety precautions while casting a fly and much more at the Fly Fishing Class on Saturday, March 18, at Cameron Park Lake. Bring your own fly rod/reel/line if you have one. Eye protection and a hat are required as is pre-registration.

The NFL sponsored flag football program returns this spring for youth in second through eighth grades. Get your friends together and sign up for this fun program. Registration deadline is March 17 and games start in April.

The CPCSD offers a Skyhawks Soccer Tots program for ages 3-5 to give children a positive first step into soccer.

Tennis is offered to all ages at Cameron Park Lake.

Mature adults have programs/ activities on Tuesdays and Thursdays from 10 a.m. to 4 p.m. in the 50+ Room. Some of the monthly events this month include: Brain Health at 10:30 a.m. on March 14; Bingo at 1 p.m. on March 14; Gift Card Play Day at 10 a.m. on March 16; Game Day sponsored by the Cameron Park Newcomers Club at 10 a.m. on March 28; and the Short Stories/Discussion Group meets at 1 p.m. on March 28.

In addition to these activities, there is also Tai Chi for Better Balance, Modified Zumba, Senior Fitness Strength & Flexibility and Pickleball.

Can't wait to jump into the pool or lake? Early Bird Combo Passes are on sale. Purchase your combo pass to Cameron Park Lake and the Cameron Park Community Center Pool at a reduced price — Family Pass for \$129, Individual Pass for \$50 or a Senior Pass for \$40. This offer expires April 28.

OUT 'N' ABOUT

YOUR LOCAL COMMUNITY NEWS AND EVENTS...

Friends of the Food Bank,

As a supporter of the Food Bank, you often get direct mail that solicits monetary support of El Dorado County's largest collaborative charity. Over the years we have experimented with many formats of these mailers from basic ask letters, to fancy glossy pieces with pictures and more. Instead of wasting donor's money on these fancy pieces, we thought this time we would let you hear directly from recipients who benefit from your generosity. Senior citizens, mothers, families, our neighbors who struggle to make ends meet; that without community support would at times go without food. Here are a few of the emails that have come from recipients who have requested our assistance.

1. "In the past I've always contributed to the food bank both through my job and fundraisers but now I find myself unable to properly feed my family. My husband left us 3 months ago and I am the sole provider for my 2 children and my disabled mother. Then things got harder when I had to have surgery and now I'm currently unable to work and am only receiving 2/3 of my usual pay. I find us at the moment with very little to eat and I'm still about 5 days away from receiving any money. I desperately need help I am afraid that my kids will go hungry. I've been skipping meals so they can eat but even that is not enough."

2. "I am in need of your help at the food bank. I have gone before to the food bank at the Placerville fairgrounds. But now I have troubles with standing and walking. I would not be able to get around receiving the groceries or getting up the stairs to sign in. Is there a way I can get some

General Park info

This is the time of year to start spraying the parks and applying pre-emergent, however, the weather has been little different. Staff are applying pre-emergent in some parks but are holding off on the spraying until there has been two solid weeks of sunshine. That has not kept staff from mowing and weed eating to keep the parks looking good. Staff has also started interviewing candidates for our seasonal help. The goal is to hire two weekend employees, one extra park employee and two Landscape and Lighting Assessment District (LLAD) employees to focus on the bigger LLADs.

Cameron Park Lake

- The official dedication of the Paul Ryan memorial site will be held at Cameron Park Lake on Saturday, April 8th at 2:00 p.m. This will be a very special day of remembrance and a large turnout is expected.
- There are babies at the lake!!! Geese and duck eggs have started hatching and the babies are closely following their mothers everywhere. The geese are still aggressive this time of year so staff have been getting calls from concerned walkers.
- The Kiosk has been without power for a few weeks. It was fed with an old direct burial electrical line but the line needs to be abandoned and a new line installed with today's standards.

Rasmussen Park

- Part of the playground is currently closed to the public due to safety reasons. Equipment parts have been ordered and are expected soon.
- An additional 10 yards of infield mix has been added to the west field. With this year's rain there was a lot of runoff that needed to be replaced.

Christa McAuliffe Park

- Rugby is back. The field was so saturated that organized sports have not been an option for the last several months.
- The field will be closed off completely on May 8th for the annual maintenance program. It will be closed for 2 ½ weeks.

Weed Abatement

- The Cal Fire crew came out to Gateway last month. They are continuing to remove brush and clear a 50 foot perimeter around the park.
- Gateway Park will be sprayed beginning April 12th. This will be a multi-phase project to help control not only the weeds but the blackberry vegetation as well. This process is new and should be very beneficial in freeing up limited crew time so that other issues can be addressed.

Landscape and Lighting Assessment Districts

LLAD staff has been hard at work keeping up with the explosion of growth on the landscape corridors. They have also been removing most of the groundcover at Bar J 15 A to make it a low maintenance corridor and be water conservative.

Community Center

- Staff has begun spring landscape projects like removing dead shrubs, pruning trees and addressing irrigation issues.
- The pool has received extra attention as the swim season is fast approaching. The pool is expected to be up and running for the season on April 14th.
- The cameras were having audio issues involving echoing and feedback so the audio has been hooked up directly to the public address (PA) system. Video streaming should begin soon.

Vandalism

No vandalism last month.

То:	Cameron Park CSD Board of Directors
From:	Finance Department
Re:	December 2016 Year-to-Date (YTD) Financial Reports Narrative
Recommended Action:	Receive and File

The attached report represents the General Fund's financial performance for the period of *July 1, 2016 through March 31, 2017.* The District is **75%** of the way through its fiscal year. All comparisons to Budget are to the adopted Final FY 2016-17 Budget.

We have received 1 property tax disbursement for this fiscal year in the amount of \$1,894,796.00.

We are in process of finalizing 2015/16 and have begun the Audit. We are continuing to evaluate and shift numbers as is the normal process at years end. The 2015/16 books will be closed by 04-30-2017. Significant shifts in line items occur this month in response to redistribution of expenses and income. Therefore line items may appear dramatically different from prior months.

Overall revenues are in good standing and expenses are within tolerable limits as to budget projections.

REVENUES

Year to Date (YTD) revenues through March are \$1,061,781 Revenues came from Recreation (\$134,264) and the Community Center (\$341,142).

Recreation revenues are \$134,264 YTD versus \$235,266 last year (down due to redistribution of revenue coding). Revenue is spread relatively evenly among the programs.

Community Center revenues are \$341,142 YTD versus \$322,953 (Redistribution of Revenue and Increased Gym Usage). We are up versus last year in the Community Center with the increase spread evenly among the programs with Gym use.

EXPENDITURES

YTD expenditures through December are \$3,041,723 versus \$5,786,916 down \$2,745,193 which appears to be due to Fired Department Billing not paid in this month, and coding redistribution to the LL&D's and other funds.

Expenditure line-items of note are:

- Salaries and Benefits are \$572,773 (57% of budget on target).
- Services and Supplies is \$2,458,951 (52% of budget with expected shift upwards next month).

Agenda Transmittal

DATE:	April 19, 2017
То:	Board of Directors
Agenda Item #5:	EL DORADO DISPOSAL/WASTE CONNECTIONS RATE REVIEW PERFORMANCE STANDARDS FOR 2016 AND PRESENTATION OF POTENTIAL RATE ADJUSTMENT: SUE VAN DELINDER, DISTRICT MANAGER, FROM EL DORADO DISPOSAL WILL PRESENT THE ANNUAL REPORT ON PERFORMANCE STANDARDS FOR 2016. EL DORADO DISPOSAL/WASTE CONNECTIONS, WITHIN THE SCOPE OF THE FRANCHISE AGREEMENT, HAS REQUESTED A RATE INCREASE PER AGREEMENT, WHICH WILL BE PRESENTED AT THE MEETING
RECOMMENDED ACTION:	Receive, Discuss and Move to the Public Hearing scheduled for May 17, 2017
BUDGET ACCOUNT: BUDGET IMPACT	

Each year El Dorado Disposal/Waste Connections is required to adjust waste collection rates based on the Consumer Price Index (CPI) and the fuel cost (pursuant to agreement of February 21, 2008). As a result, the El Dorado Disposal/Waste Connections is requesting that the District implement the annual waste disposal rate **adjustment**, an increase of 3.05% effective July 1, 2017 (see Attachment A).

The increase in the CPI – All Items – for the State of California for the past year is 2.3% (see Attachment B). The year-over-year comparison through the Purchaser's Price Index (PPI) is based on a January to January view (see Attachment C). This year, the fuel surcharge increased to 2.91%. Accordingly, the net rate increase effective July 1, 2017 is 3.05%.

The El Dorado Disposal/Waste Connections is formally requesting that the District implement the automatic CPI adjustment for their hauling rates as provided for in Section 18.C. of the franchise agreement. It is suggested that a Public Hearing be held at the May 17, 2017, Board of Directors' meeting where the El Dorado Disposal/Waste Connections will present the annual report of solid waste collection workshop and the proposed rate decrease and the Board will vote on the resolution adopting the rate increase.

Re: Annual Rate Adjustment

March 28, 2017

Dear Ms. Cahill,

Pursuant to Section 18.C. of that certain Solid Waste Services Agreement, dated as of February 21, 2008 (the 'Agreement'), we are formally requesting that the District implement the automatic CPI adjustment for our hauling rates as provided for in Section 18.C of the Agreement. We have attached the CPI calculator as the reference. As you will see, the increase in the Consumer Price Index – All Items – for the State of California for the past year is was 2.3%. Accordingly, we are requesting a 2.3% rate increase effective as of July 1, 2017.

In addition, we are formally requesting the review and approval of a change in the fuel component of the rate. The year over year comparison we do through the Purchaser's Price Index is done based on January to January view. This year, the fuel component increased slightly from 2.16% to 2.91%, a .75% change. Accordingly, the net rate increase effective July 1, 2017 is 3.05%. We have attached the PPI calculator for your reference.

We would like to review the Performance Standards with you. As you know, we have summarized our performance and our program data in a monthly report, separately submitted to the CSD. We will be requesting a change to the phone standard as an amendment to the contract as the length of time it takes to work with each customer has grown in order to provide excellent customer service and keep up

with the ever increasing state diversion requirements. We have added three full time customer service representatives this year to ensure that we can take superior care of our customers in Cameron Park.

We appreciate your co-operation and look forward to hearing from you. If you have any questions or need further information, please feel free to contact me at (530) 295-2816.

Agenda Item #6:	WEST SLOPE SOLID WASTE JOINT POWERS OF AUTHORITY (WSJPA)
RECOMMENDED ACTION:	Receive, Discuss and Action as Appropriate
BUDGET ACCOUNT: N/A	

BUDGET IMPACT: N/A

The El Dorado County Board of Supervisors approved the Solid Waste Management Plan (SWMP) as presented by the Environmental Management Department. This plan would increase the diversion of solid waste from landfilling and meet the County's diversion goal of 75% by the year 2020. The Action Plan strategies of the SWMP included the potential formation of a West Slope Solid Waste Joint Powers of Authority (WSJPA). Initial member agencies of the WSJPA would potentially include the City of Placerville, the Cameron Park and El Dorado Hills County Services Districts and the County of El Dorado.

Per the El Dorado Solid Waste Advisory Committee's (EDSWAC) request, this item is being placed on the agenda of each potential member agency's elected body for consideration.

Re: Potential Formation of a West Slope Solid Waste Joint Powers Authority

Dear President McNeil:

On January 31, 2012, the County of El Dorado Board of Supervisors (Board) unanimously approved the Solid Waste Management Plan (SWMP) as presented by the Environmental Management Department. The SWMP contains forty-two (42) specific strategies to increase the diversion of solid waste from landfilling and meet the County's diversion goal of seventyfive percent (75%) by the year 2020. The Board-approved SWMP contained an Action Plan that identified the most cost-effective strategies to be implemented by the County. The Action Plan strategies identified included the potential formation of a West Slope Solid Waste Joint Powers Authority (WSJPA). The initial potential member agencies of the WSJPA would include the City of Placerville, the Cameron Park and El Dorado Hills Community Service Districts, and the County of El Dorado.

On April 17, 2012, Environmental Management returned to the Board to seek further direction regarding the potential formation of a WSJPA. The Board directed staff to move forward and appointed two members of the Board to a subcommittee to assist with the process. The Board agenda transmittal is attached for reference and provides an overview of the subject matter.

Environment Management met with potential member agency staff on July 9, 2012, to discuss the WSJPA concept, goals, and implementation strategy. An action item that resulted from the meeting was for County staff to draft a sample WSJPA agreement for consideration by the potential member agencies. On October 9, 2012, Environmental Management emailed the draft WSJPA agreement and requested feedback in preparation for a follow up meeting tentatively scheduled for November 2012. While no written comments were received, President Scott McNeil April 3, 2017 Page 2 of 2

> individual telephone discussions with potential member agency staff indicated a lack of interest in forming a WSJPA. As a result, no further action was taken by the County to form the WSJPA.

> On June 14, 2016, Environmental Management provided the Board with an update on the implementation status of the SWMP and Action Plan, including the potential formation of the WSJPA as detailed above. Environmental Management advised the Board that while there did not appear to be an interest in forming the WSJPA, the proposal had not been brought to the respective elected bodies for discussion and a formal decision. The Board directed staff to seek direction from the El Dorado Solid Waste Advisory Committee (EDSWAC) regarding how to proceed with the potential formation of the WSJPA.

During a regularly scheduled EDSWAC meeting held on September 12, 2016, the EDSWAC recommended that County staff request the matter be placed on the agenda of each potential member agency's elected body for consideration.

Therefore, I am respectfully requesting the opportunity for my staff to present information regarding the potential formation of a WSJPA to the Cameron Park CSD Board of Directors at your earliest convenience. Thank you in advance for your consideration of this request. Please contact me by phone at 530-621-6658, or by email at <u>greg.stanton@edcgov.us</u>, if I can provide any additional information.

Respectfully,

Greg Stanton, REHS, Director Environmental Management Division Community Development Agency County of El Dorado

Environmental Management Department reporting to the County of El Dorado Board of Supervisors and seeking direction regarding the potential formation of a solid waste West Slope Joint Powers Authority.

Background: On January 31, 2012, the Environmental Management Department (EMD) presented the final El Dorado County Solid Waste Management Plan (Plan) to the Board of Supervisors. The Board of Supervisors (Board) adopted the Plan and directed EMD staff to implement the Plan (Agenda Item #12-0139). The Plan recommended initiating the formation of a West Slope Joint Powers Authority (WSJPA) as the next step to be taken by the EMD following Plan adoption. The Board then directed EMD staff to return to the Board with a report regarding the potential formation of a solid waste West Slope Joint Powers of Authority.

Development of a WSJPA was a key element in the Plan. A WSJPA would provide the foundation for the cooperative planning efforts contained in the Plan. Implementation of this strategy is an important first step in transforming the countywide solid waste system. The following discussion details the WSJPA membership, goals, staffing, powers, cost/benefits, challenges and implementation steps.

Membership:

The Plan suggested the following four (4) member agencies for the WSJPA:

- City of Placerville
- Cameron Park Community Services District (CPCSD)
- El Dorado Hills Community Services District (EDHCSD)
- The County of El Dorado

With the creation of this WSJPA, the collective group will act as a recommending body, and each individual member agency will maintain a large degree of autonomy. For example, each member agency will continue to have the individual power to create, issue and implement franchise agreements. Member agencies also will have the authority to establish rates charged to their customers.

During the meeting on January 31, 2012, the Board suggested possibly including the Bureau of Land Management (BLM) and the United States Forest Service (USFS) as additional member agencies. An important decision to incorporate the BLM and USFS in the WSJPA should be considered by the four member agencies at a later date, after the full formation of the WSJPA.

On March 12, 2012, EMD had an informal meeting with representatives from the City of Placerville and the Cameron Park Community Services District to discuss the concept of a potential formation of a WSJPA. The concept was also discussed shortly thereafter with a representative of the El Dorado Hills Community Services District. The representatives agreed that it would be beneficial to explore the possibility of the formation of the WSJPA and the consolidation of resources.

Goals:

Master Report Continued (12-0430)

The overall goal of the formation of the WSJPA is to assist in the implementation of the strategies for source reduction, recycling and reuse as identified in the El Dorado County Solid Waste Management Plan. The WSJPA would provide unity and coordination in the planning, financing, managing, monitoring and reporting of solid waste activities on the West Slope. Cooperation between the jurisdictions will provide economies-of-scale in developing new solid waste facilities in the County of El Dorado. Finally, the WSJPA will allow the jurisdictions to efficiently work together on sustainability and meet current and future regulations. The formal goals of the WSJPA will be developed and adopted by the WSJPA members, but may include the following:

- Implement the El Dorado County Solid Waste Management Plan
- Provide a unified and coordinated West Slope solid waste management system
- Use the most efficient strategies for source reduction, recycling, and reuse
- Jointly measure disposal reduction by member agencies
- Provide joint planning, financing, administration, management, review, monitoring, and reporting of solid waste, recycling, greenwaste activities and facilities
- Combine public education efforts for solid waste management services and programs
- Provide economies-of-scale in developing new West Slope solid waste facilities
- Meet the requirements of the California Integrated Waste Management Act (Assembly Bill 939)
- Work together to meet current and future California diversion requirements
- Work together on sustainability and AB 32 programs.

Staff:

Initially, staffing for the WSJPA likely would be relatively minimal. The WSJPA could be staffed using existing member agency staff to minimize costs. The WSJPA would have the ability to expand the staff with full time employees if deemed necessary in the future.

Costs/Benefits:

There is a relatively minor cost (staff time, legal review) for the parties to develop, review, and approve a WSJPA formation agreement. An estimate of the administrative costs for the WSPJA would range from \$0 to potentially \$150,000 per year in the long term. This ongoing cost could depend on the "in-kind" contributions from the member agencies. By creating the WSJPA, member agencies realize economic benefits when coordinating new investments in regional facilities and equipment that may not be possible if pursued individually.

There are approximately 20 similar JPAs created for waste management purposes in California. Successful examples of neighboring JPAs, including the Western Placer Waste Management Authority and South Lake Tahoe Basin Waste Management Authority, support the creation of the WSJPA.

Challenges (and Potential Solutions):

A challenge for the WSJPA Board is the need to coordinate member agency planning efforts while balancing, in many cases, the lack of ultimate authority to require member agencies to carry out these activities. The WSJPA Board would often act as a recommending body. To overcome the problem of responsibility without authority, member agencies would need to work in the spirit of cooperation to achieve their mutually beneficial goals.

Implementation Strategies:

A phased approach will be taken for the formation of the WSJPA. The jurisdictions will meet informally in the beginning to develop the purpose, goals and objectives prior to the formal formation of the WSJPA. The following summarizes the conceptual implementation steps to forming the WSJPA.

Near-Term Strategies may include:

- Member agency representatives meet to discuss WSJPA purpose, goals, and objectives
- Develop a WSJPA formation agreement
- Receive approvals of the WSJPA formation agreement from the governing boards of member agencies

Intermediate Strategies may include:

- Select WSJPA board members
- Finalize and implement the formation agreement
- Adopt the purpose, goals and objectives which were incorporated in the El
 Dorado County Solid Waste Management Plan
- Implement the near and intermediate-term strategies of the El Dorado County Solid Waste Management Plan
- Develop WSJPA budget and funding mechanism(s), as appropriate
- Apply for grants

At the end of this phase, the WSJPA will review the Joint Powers Agreement to determine if the agreement meets the needs of the participating agencies. In the event that the WSJPA elects not to evolve beyond this phase, the WSJPA will continue to move forward with the near and intermediate-term strategies of the Plan. In addition, the WSJPA will evaluate the changing economic, demographic and regulatory environment to determine which if any Long-Term Strategies should be implemented by the WSJPA.

Long-Term Strategies may include:

• The WSJPA would assess whether to expand its membership to include the BLM and USFS

• The WSJPA would have the option to evolve into a Regional Joint Powers Authority

• The WSJPA jurisdictions should evaluate whether to become a Regional Agency (RA) in accordance with the Public Resources Code Section 40970. This would

include preparing reports on behalf of the jurisdictions:

- o Non-disposal facility elements
- o Disposal and diversion reports
- o Annual AB 939 reports.
- Create new and enhanced programs and services
- Create and enhance new facilities
- Plan and study alternative waste management practices
- Adopt an annual budget, as appropriate.

EMD is seeking direction from the Board in regards to the formation of the WSJPA. A WSJPA would provide the foundation for the cooperative planning efforts contained in the El Dorado County Solid Waste Management Plan.

Items for Consideration:

Option 1: Direct Environmental Management to move forward with the potential formation of the West Slope JPA to assist with the implementation of the El Dorado County Solid Waste Management Plan and return to the County of El Dorado Board of Supervisors with a status report regarding the West Slope JPA formation.

Option 2: Direct Environmental Management to implement the Solid Waste Management Plan without the formation of a West Slope JPA.
