## Letter from the **General Manager** Introducing Alan Gardner

As the leaves change and a new season begins, the Cameron Park Community Services District is excited to introduce fresh programming, new hours, and more opportunities for you to be a part of our vibrant community. From Fall through Winter, this guide will showcase the many ways we're embracing this wonderful time of year.

Our team has exciting plans, and we invite you to join us for the FREE Halloween Monster Mash, where kids can enjoy trunk-or-treating, dress up for the costume contest, and—if registered as one of the first 50—participate in the Pumpkin Plunge! Be sure not to miss the Annual Christmas Craft Faire for some early holiday shopping and bring the kids along for a special visit from Santa, himself, with opportunities for photos and a quick chat.

While our seasonal events will come and go, it's our programming that truly makes this time of year special. We're offering a wide variety of activities, from Musical Tap and Jazz dance classes to Bully Prevention Workshops for kids. Adults can also try something new, like Line Dancing, as we continue to offer enriching experiences for all ages.

# YOUTH PROGRAMS - SPORTS

## Futsal League

Join the Futsal Movement that is changing the way youth soccer players are developing their technical skills and advancing their footwork. Futsal is an amazing game that sharpens first touch in arguably the most efficient and effective way around with methodology that is play based and incredibly result driven.

The game is played in the gym on the basketball court, 5 players vs 5 players(4 Field and a goalie). Subs are critical for this fast paced game and are rotated on the fly to keep the game moving, 6 players minimum per team and 8 maximum to support play time and player development. Half court warm up time (approximately 13 minutes) is provided for teams before delivering two 20 minute halves with a 3 minute half time.

Session # 1 is 5 weekends and each Team and Free Agent will be scheduled for 5 games. Scheduling is unique as players and teams are evaluated week to week to adjust and expose all involved to an optimal playing environment for effective development. **There are a total of 4 sessions, more information and registration coming soon!**

**Please Note: Registration is for participants who have ALREADY joined a team. If you don't have a team, register as a Free Agent for \$89.**

**If you register after November 11th, you will be charged an additional \$10 late fee.**

# DEPARTMENT MESSAGES

## CC&R AND ARCHITECTURAL REVIEW OFFICE

We hope everyone had an adventurous summer!

As we bring our boats out of the water and our recreational trailers, motorhomes, and jet skis home, we need to be cognizant of our CC&Rs. Keep in mind, there are over 80 different neighborhoods in Cameron Park that help keep our property values on over 7800 homes. To be a good neighbor, we like to keep our frontages clean and clear of trailered items and storable materials to insure that property values hold strong.

Below are some basic items that are required to be stored or maintained.

- **Recreational Vehicles:** Boats, any trailered items, Jet Skis, Motor Homes etc. are all items that need to be either stored off site or behind the fence lines. Some neighborhoods do not allow these on any lot, even behind the fence line. Most allow you to store them behind a fence line. Check your CC&Rs to see how your storage requirements apply to your items.
- **Materials:** Landscape materials, building materials, project materials, basically any items that you may be using as a project will need to be stored behind a fence line. Additionally, Appliances, trash, furniture etc. are not allowed to be in your frontage. You will be appreciated for your efforts here.
- **Steel Structures:** There are many residents that have steel structures as trailer ports or carports that were not approved by the Cameron Park Architectural Committee. These structures also require an El Dorado County permit for any structure over 120 square feet. Even if you were told that these are Temporary Structures, they are not allowed without permitted approval. Furthermore, these can be reported to the county by any resident.
- **Landscape:** There are many communities that do not have any requirements for landscape and there are some communities that are very strict about landscape. Landscape requirements or not, keep your weeds down, hedges trimmed and site lines clear. Even in drought, we can do maintenance to have a presentable frontage.

Neighborhood campaign notices have begun in all neighborhoods reminding residents of violations and their CC&Rs. To help our community, we ask all our residents to check out their own frontage for the above items to be addressed. If they are not, the CC&R office will be building a case file to send notices for correction. Thank you for your help and support!
