FROM: Jill Ritzman, General Manager

AGENDA ITEM #1: **FISCAL YEAR 2019-20 MID-YEAR BUDGET ADJUSTMENT;
RECREATION DEPARTMENT**

RECOMMENDED ACTION: **REVIEW AND DISCUSS**

INTRODUCTION

This report summarizes staff's recommendation for a new, annual Recreation Department budget including program service levels for future years, and a specific FY 2019-20 Mid-Year Budget Adjustment to implement those recommendations beginning in January 2020.

BACKGROUND

The following timeline outlines the District's efforts to assess the Recreation Department budget and implement operational improvements.

- In FY 2018-19, the District re-organized the budget by function to create greater staff accountability. This re-organization removed recreation program allocations from the Community Center budget and all recreation related revenues and expenditures were placed in the Recreation Department budget.
- November 2018, a Recreation Department Assessment Report was written by an experienced parks and recreation professional to assist staff in evaluating and improving programs and processes. Operational changes started to occur based on the Assessment Report findings.
- May 2019, summer programming started including operations of the Lagoon and concession operations Cameron Park Lake. The fiscal year ended June 30, 2019; summer programming concluded in September 2019.

- August 2019, during the FY 2019-20 Budget Hearings, the Board of Directors determined priorities for the limited property tax revenues. The Recreation Department and the Community Center, due to their ability to generate revenues, did not receive a property tax allocation. The Recreation Department received almost \$200,000 in previous years. The Swimming Lagoon operational costs were removed from the FY 2019-20 budget in both the Recreation and Parks departments.

Immediate, additional programming changes to reduce costs did not occur because residents had already received the Fall Activity Guide and registration started occurring for fall programs.

- In September 2019, the long-time Recreation Supervisor retired and was replaced by an interim appointment.
- October – December 2019, Finance and Recreation staff began examining the Recreation Department operations and budget in greater depth, while continuing operations according to the Fall Activity Guide.

PARKS AND RECREATION COMMITTEE

Staff presented an annual, conceptual Recreation Department budget and program service levels to the Parks and Recreation Committee in late December. Committee members had mixed opinions regarding the new, conceptual budget. One member supported staff's strategy to identify and eliminate under-performing programs and classes, which would create capacity within Recreation to expand successful programs and to develop new offerings. Another member expressed concern about staff's strategies and did not support the reduced recreation offerings

DISCUSSION

To meet the Board's directive from the FY 2019-20 Budget Hearings, staff's objective was to develop a Recreation Department budget that relies solely on program revenues, donations, and sponsorships. To establish a new budget, staff identified program priorities and strategies based on industry standards, performance review of current operations, and the Recreation Department Assessment Report (Attachment 1A). Staff identified program areas and built the budget program by program: Enrichment Classes, Sports, Aquatics, Special Events, Summer Spectacular, Seniors, District Outreach, Summer Day Camp, and Cameron Park Lake Kiosk. Service levels in the current

proposed budget are close to past service levels, and provide capacity to expand in the future (Attachment 1B).

The Recreation Department budget was developed from the ground up, program by program; a practice which will continue for future budgets (Attachment 1C). A tracking number will be assigned to each program area, to track budget to actuals by program area. Staff will provide program financial reports to the Parks and Recreation Committee, to evaluate a program's success starting in Fiscal Year 2020-21.

Most program areas are fully or mostly self-sustaining, but a few cannot, specifically:

- Senior programming offered by volunteers, El Dorado County, and community organizations;
- Special events such as Easter Egg Hunt and Halloween Pumpkin Patch;
- District community outreach activities.

Staffing

Staff is recommending the Recreation Supervisor salary be elevated to the same scale as the CC&R Officer. Recreation Supervisor salary scale is the lower than the Parks Supervisor and CC&R Officer, even though the position supervises up to 15 part-time employees year-round, 75 employees during the summer, and reports directly to the General Manager. The stringent safety standards are required for key programs, aquatics, and youth day camp.

This action would not have an immediate or significant financial impact. The past Recreation Supervisor was paid at top step for many years and benefits were provided under an old policy. The salary difference is \$3,200 comparing Step 1, and \$4,300 comparing Step 9. This small increase will assist with the recruitment and retention of a qualified and skilled employee. Recruitment and selection of a permanent Recreation Supervisor is expected this spring.

In addition to the Recreation Supervisor, a Recreation Coordinator is needed to maintain the quantity and quality of proposed service levels. Staff will recommend a full-time Recreation Coordinator during the Fiscal Year 2020-21 Budget Hearings, to ensure the District's ability to support the position in relation to other District priorities.

Part-time Recreation Coordinator wages and benefits, and the Recreation Supervisor

elevated salary scale is included in the recommended budget.

FISCAL IMPACT

Staff is recommending a FY 2019-20 Mid-Year Budget Adjustment for the Recreation Department (Attachment 1D), including a property tax allocation of \$58,092. In future years, staff expects to lower the request to approximately \$25,000 to support programs that are not self-sustaining, specifically special events, seniors, and District outreach activities. The request in FY 2019-20 is higher due to continued summer operations, mostly related to the operational cost of the Lagoon and concessions at Cameron Park Lake in July and August 2019.

Transfer of Revenues to Community Center

The Recreation Department budget is planning to meet the budgeted transfer of \$87,518 from program revenues to the Community Center budget, mostly generated by pool facility use fees. These revenues will almost fully offset the operational cost of the community pool. With the reduced number of enrichment classes, there may be additional opportunities to reduce the operating hours of the Community Center, saving on utilities and part-time staff wages.

CONCLUSION

Recreation staff are positive and enthusiastic about the changes in the Recreation Department. Developing stronger partnerships, concentrating on quality versus quantity, creating efficiencies, and retiring under-performing activities provides opportunities to re-direct resources to developing new, exciting programs for the community. These changes will take time to implement, but the Recreation Department will become a more effective organization in the upcoming months and year. Success will be measured by number of people served, meeting budget requirements, increasing and strengthening partnerships, increasing program and rental revenues, and providing great customer service.

1D – FY 2019-20 Recreation Budget Request

Recreation Department Program Priorities & Strategies

- Concentrate on programming District facilities, especially programs and events at the Community Center and Community Pool.
- Concentrate on program quality not quantity.
- Leverage partnerships recognizing that the success of swim teams and youth sports leagues is the District's success as well in terms of increasing rental revenues at a low cost.
- Leverage partners, volunteers, and contractors to provide services instead of hiring District employees.
- Seek funding partners by finding common goals: Friends of Seniors grant for community art room and Marshall Medical Center sponsorship for new aquatic fitness program.
- Recognize tracking attendance for all programs is important and future decisions will be based on attendance and reaching underserved populations.
- Implement new class protocols for instructors: minimum class sizes (currently 3 but will increase to 5 in future); classes must be held on District property.
- Consolidate and re-fresh special events when opportunity arises, such as combining traditional Halloween Pumpkin Patch & Community Showcase into a Trunk and Treat event around the lake, inviting community organizations and local businesses to have a booth.
- Eliminate low performing programs at District, especially those offered at neighboring agencies (ie: adult softball)
- Be cost conscious and efficient: reduce Activity Guide pages dedicated to Recreation, and reduce front office time registering participants in classes that are cancelled due to low attendance.
- Spread recreation overhead costs, such as Recreation Supervisor salary and Activity Guide costs, to all program budgets. Program fees will be established to offset all costs for program delivery.
- Promote and expand on scholarship opportunities for residents needing financial assistance.

Agenda Transmittal

DATE: January 7, 2020

FROM: Vicky Neibauer, Finance and Human Resources Officer

AGENDA ITEM #2: **FISCAL YEAR 2019-20 DISTRICT GENERAL FUND 001 MID-YEAR BUDGET ADJUSTMENT; AND MID-YEAR QUIMBY BUDGET ADJUSTMENT**

RECOMMENDED ACTION: RECEIVE AND DISCUSS

INTRODUCTION

This report summaries Fiscal Year 2019-20 Mid-Year Budget Adjustment in two distinct Funds: General Fund 001 and Quimby Fund 003.

DISCUSSION

General Fund 001

When department heads reviewed their budgets in December, Parks, Fire and Administration staff did not need changes to their current approved department operating budgets. The exception is the Recreation Department. The proposed Fiscal Year 2019-20 District General Fund 001 Mid-Year Budget Adjustment (Attachment 2A) includes changes proposed for the Recreation Department.

In addition, the General Fund budget is being adjusted for additional revenues, interest earnings, and property taxes. The additional interest earnings is based on an analysis of the District's new money market account at Umpqua Bank. The additional property tax revenues is based upon actual revenues from last Fiscal Year 2019-20.

In summary, the staff is adding a total of \$111,609 in revenues and \$69,700 in expenditures. The District's General Fund 001 budgeted deficit will be reduced from \$224,400 to \$182,491, of which most is dedicated to fixed asset purchases. The ending budgeted Fund Balance is \$3,280,259. Staff is expected to make recommendations to the

Budget and Administration Committee and Board of Directors regarding the establishment of reserves for both Fire and Parks & Facilities departments during Fiscal Year 2020-21 Budget Hearings.

Quimby Fund

Staff is recommending a FY 2019-20 Mid-Year Budget Adjustment to appropriate funds of \$45,000 from the Quimby Funds for the Parks and Facilities Department (Attachment 2B). Staff is recommending funding for the Rasmussen Parking Lot Asphalt Repairs and Re-striping (Attachment 2C). This appropriation adjustment will be made to the District Quimby Fund for both revenues and expenditures, and does not affect the General Fund budget.

The Quimby Fund 003 currently has a fund balance of \$44,344, considering projects approved in the Final FY 2019-20 Budget. With the Mid-Year Budget request of \$45,000 in expenditures and a revenue adjustment for interest of \$800 the remaining fund balance will be \$144.

The Quimby Fund is a restricted fund within the District and is funded by Quimby Act Fees assessed to developers that can only be used for the purpose of developing new or rehabilitating existing neighborhood or community park and recreation facilities (California Government Code Section 66477).

JOB NAME/NO. Asphalt Repairs, Re-Stripe

PHONE 530-558-1146; Permits; Excavation; Paving; Engineering; Compaction; Testing; Repair, removal or replacement of unknown lines or utilities; Tree trimming; Repair of Cracks opening over time; Tracking of oil in any way; Any item not listed above
DATE 10/1/19
JOB LOCATION Rasmussen Park
ARCHITECT
DATE OF PLANS

We hereby submit specifications and estimates for:

Option #1: Sawcut and Excavate the 6 most damaged areas on the East side of Parking lot as followed: Areas totaling: Approx. 2,360SF. Saw cut and excavate to a depth of 4" recompact Subgrade, water and compact. Pave areas back with 4" compacted depth asphalt placed in two lifts and rolled smooth. Price Includes removing, replacing 10- 4' Parking bumpers as needed and re-striping per existing.

Lump Sum Bid: \$18,365.00

Option #2: Includes East side of Parking Lot and 6,890SF of Failing asphalt in West Side of parking lot for a total of 9,250 SF of failing asphalt. Grind the 8 Worst Locations in parking lot to a depth of 4" recompact subgrade, water and compact. Pave areas back with 4" compacted depth asphalt placed in two lifts and rolled smooth. Price Includes Removing and replacing 29 -4' Parking bumpers as needed and re-striping per existing.

Lump Sum Bid: \$49,946.00

Note: This work to be completed weather permitting in December of 2019 or Spring of 2020

Mid Year Quimby Request

Rasmussen Parking lot

Service Charge of 1-1/2% per month will be assessed on the unpaid balance.
The prevailing party in any dispute or litigation arising from this agreement shall be entitled to attorney fees.
THE OWNER HAS THE RIGHT TO REQUIRE CONTRACTOR TO HAVE A PERFORMANCE OR PAYMENT BOND, EXPENSE TO BE BORNE BY THE OWNER.

We Propose hereby to furnish material and labor - complete in accordance with above specifications, for the sum of:

_____ dollars (\$ _____).
Payment to be made as follows:

All material is guaranteed to be as specified. All work to be completed in a workmanlike manner according to standard practice. Any alteration or deviation from above specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and above the estimate. All agreements contingent upon strikes, accidents or delays beyond our control.

Authorized Signature: *Thomas Weber*

Note: This proposal may be withdrawn by us if not accepted within _____ days.

Acceptance of Proposal - The above prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be made as outlined above.

AGENDA ITEM #4: FIVE YEAR STRATEGIC PLAN REVIEW

RECOMMENDED ACTION: REVIEW AND DISCUSS

Background

On February 17, 2016, the Board of Directors approved the Five Year Strategic Plan 2016-2021 (Plan) for the Cameron Park Community Services District (District). The Plan is a comprehensive document which is meant to serve as a roadmap for decision making over a five-year period. The effort kicked-off in late 2015 with two Special Board of Directors Meetings/Community Workshops to collect information and provide feedback about elements for the Plan. Brent Ives, BHI Management Consulting, coordinated the Plan's development.

A key part of the Plan process is to conduct annual reviews. These reviews allow for regular maintenance of the Plan so that it reflects the actual progress and current needs of the District. The reviews to be documented and followed up by either a Plan supplement or an updated Plan. Staff did not find record of any past reviews or updates. The Plan is now 4 years into its term.

Introduction

On September 3, 2019, staff sought feedback from the Budget and Administration Committee regarding a process to review the status of the current Plan. The decision was to have the various Standing Committees review the Plan's objectives that related to their program area. Staff sought and received feedback last fall from the Parks and Recreation Committee, Fire and Emergency Services Committee, Architectural Review Committee, and CC&R Committee regarding the Plan's objectives for the District.

Discussion

Staff is seeking input from the Budget and Administration Committee and community to determine if the Strategic Objective is:

- ✓ Not Implemented,
- ✓ Partially Implement,
- ✓ Implemented,
- ✓ Objective Recommended to Roll Forward

Conclusion

The Budget and Administration Committee is the last Committee to provide staff with input. With feedback from all committees now complete, staff will develop a comprehensive report back to the Board of Directors which will summarize the District's progress on meeting its Strategic Plan Objectives.

Attachment:

4A – Budget and Administration Committee Strategic Objectives

Strategic Implementation

The Implementation Plan below contains tactics organized around the Vision Strategies and plan actions and initiatives then sorted by year within the planning period. They are provided in tabular form in Table 1 - Strategic Plan “At-a-Glance” (page 22).

A. Optimize Reserve Programs – *Our objective is to institute and fund reserves to support a wide variety of District needs. Our strategy is to implement a reserve program by establishing necessary reserves in the early stages of this Plan and those being substantially funded and in accordance with our long-range financial plan.*

A.1 Long-Range Financial Plan – *A long-range financial plan will examine the District’s finances in depth. An independent consultant will analyze the District’s finances and provide an opinion on the District’s current financial condition and ability to fund future need, including our reserves. The Board and staff will use this plan to determine the appropriate financial reserves for the District.*

Partially Implemented. A Five Year Budget Projection, FY 2017-2021 was completed in April 2016; staff is working to update the projection early 2020 based upon recent budget changes. No plan for financial reserves was developed to date; staff plans to propose Reserve Policies in conjunction with FY2020-21 Budget development.

A.2 Browning Reserve Study Update – *A detailed analysis of the District’s physical assets is necessary to plan for future needs and allow the District to set aside the money required to meet those needs. Staff has engaged the Browning Reserve Group to create a detailed study that recommends the appropriate reserve levels needed to keep the District’s physical assets in good working condition. The Board will use this study when considering the amount to be reserved each year for maintenance or replacement of District assets.*

Implemented May 2014 and includes a 30 year forecast

A.3 **Postretirement Health Benefit (Actuarial) Report** – *An analysis of the District’s postretirement health benefit obligations and Annual Required Contributions in accordance with Government Accounting Standard GASB 45 will identify for the Board projected funding amounts annually for the next 50 years. The Board can use this information to make decisions regarding amounts to reserve now for to cover these future obligations.*

Implemented. Report completed; an annual allocation to fund Postretirement Health is included in the District’s annual budget. This amount lowered significantly in FY 2019-20 due to attrition. Policy changes in 2007 significantly lowered new financial obligations for retiree health.

A.4 **Postretirement Pension Benefit (Actuarial) Report** - *An analysis of the District’s postretirement pension obligations and Annual Required Contributions in accordance with Government Accounting Standard GASB 48 will identify for the Board projected funding amounts annually for the next 30 years. The Board can then use this information to make decisions regarding amounts to reserve now to cover these future obligations.*

Implemented. An annual allocation to fund Postretirement Health is included in the District’s annual budget. Due to contracting of the Fire Department personnel, the District’s financial responsibility is lower than most other agencies of the same size. Contracting for Fire services significantly lowers financial obligations for pension benefits.

A.5 **Adoption of Reserve Policies** - *Upon completing the studies above, the staff will prepare and propose to the Board the adoption of policies that reflect the needed reserves for the District now and in the future.*

Not Implemented. The District established Policy 3272 Reserve Policies in 2011. Staff will initiate updating the policy with the Budget and Administration Committee in early 2020.

B. Increase Revenues – *Our objective is to increase revenues to improve services provided to our community. Our strategy is to adopt policies that acknowledge community’s needs and desires by appropriately staffing, supporting and providing quality, diverse and cost-appropriate activities, programs, events, services.*

B.1 Funding – *Evaluate District fees. The ability for the CSD to increase revenues from non-property tax revenue sources will be key to having adequate resources to implement many of the recommendations from the Master Plan. This evaluation will study the following:*

- *Sources - Other potentially important funding sources that will be studied include park impact fees, grants, donations, sponsorships, and more.*
- *Staffing – The ability of the CSD to develop proper funding will depend on having adequate staffing numbers, with the right professional qualifications, training, and support.*

Implemented. Fees under review annually. Grants and sponsorships sought routinely.

D. Continue to Follow our Top-Level Plans – Our objective is to leverage and implement existing long-range plans. Our strategy is to execute, integrate and update plans in the next five years.

D.1 GASB 45 Actuarial Valuation Report Update – (Adopted March 20, 2013)
Details the amount we need to budget for retiree health care expenses.

D.2 Browning Reserve Study Update – (Adopted April 16, 2014)
Lists the physical assets and plan for future needs, allowing CSD to set aside money to meet those needs.

D.3 Parks and Recreation Master Plan Update – (Adopted May 14, 2014)
Includes the diverse recreational, parks and facility needs, such as lit ball fields, quality turf, safe playgrounds and technological facility upgrades.

D.4 Marketing and Program Plan Update – Set of goals, strategies and tactics that can be used to build a strong relationship with District residents and visitors which result in mutual value with the Cameron Park CSD. (Details outlined below, Section F3.) (Adopted August 19, 2015)

D.5 Fire Department Master Plan and Capital Improvement Plan 2015-2020 Update – Planning tool for future expenditures. (Adopted August 19, 2015)

D.6 Fire Impact Fee Nexus Study Update – Establishes the legal and policy basis for a new fire impact fee program for the District. (Adopted September 16, 2015)

D.7 Park Impact Fee Nexus Study Update – Establishes the legal and policy basis for a new park impact fee program for the District. (Adopted November 18, 2015)

Implemented. Plans are used for budget and planning purposes by staff. The Parks Impact Fees scheduled for update at the Board of Supervisors in August/September 2019. Marketing and Program Plan should be updated after the Recreation Dept changes finalized.

D.8 Pending New Plans

- Long-Term Financial Plan – To be initiated January 31, 2016
Examines the District's finances in depth, analyzing current financial condition and ability to fund future needs.
- Five-Year Strategic Plan 2016-2021 – Completion February 29, 2016
States clear direction over all operational aspects of the CSD and serves as a framework for decision making over a five-year period.
- Park and Open Space Evaluation - Completion 2016/17
 - *Analysis of Future Value to the District*
 - *Park Maintenance Standards*

Implemented. Staff will update the five year forecast this fall. Strategic Plan completed in 2016 and annual review is under review. Staff is working with appropriate Board committees regarding open space.

- District Policy Handbook Update – Completion 2017/18
 - *Series 1000 – General*
 - *Series 2000 - Personnel*
 - *Series 4000 – Board of Directors*
 - *Series 5000 – Board Meetings*

Not Implemented.

F. Enhance our Relations with the County and Community – The objective is to actively communicate with the public and promote the District. We will educate the public on our programs, services, parks and facilities while projecting a positive image in the community. Ensure involvement and representation at meetings where issues are discussed affecting the District and work toward solution-oriented outcomes. Our strategy is to be aware of and engaged when plans are proposed that impact the District and provide exceptional customer service.

F.1 Participate with other Public Organizations - The District will develop an approach for staff participation on public committees, membership in community organizations and non-profit boards, whose missions are consistent with the District's.

- Participating in County Technical Advisory Committee (TAC)
- Attending Development Projects Meetings – District on mailing list
- Attending and participating in El Dorado County Board of Supervisors Meetings – staff and appropriate CSD Board members attend.
- Keeping community apprised of meetings pertinent to Cameron Park.
 - List or link on CSD website
 - Disburse information via email list
- Working with the County department staff on projects such as sign ordinance, special use permits, General Plan and certifications
- Attending community and individual meetings such as civic, chamber, faith-based, etc.
- Anticipating community needs and meeting with pertinent groups
- Exploring joint CSD Board of Directors and El Dorado County Board of Supervisors meetings

Implemented.

F.4 Community Involvement – District employees and Board members should and will be involved in the community, whether as committee members, partners or participants. Members of the Board of Directors and designated

employees will become more involved in the community via attending community group meetings and local events and fairs (per the CSD Marketing and Program Plan 2015/2016). Community involvement is simply a part of the continued strategic success of the District. Responsiveness and collaboration within the community shall be a priority of the District.

Implemented.

F.6 Governmental Relations – *Relations and Legislation advocacy are critical to the District. Establishing good working relationships with local legislators, (City, County and State) is an essential responsibility for Board members and the General Manager and this must continue to be a high priority. Board members and the General Manager will meet individually with key members of local government to maintain and enhance these relationships. Active participation in legislature and programs that impact the District will continue to be a primary focus for both the Staff and Board of Directors.*

Implemented; roll forward.

G. Strengthen Community Partnerships – Our objective is to seek opportunities to strengthen existing partnerships and enter into new relationships to maintain a high level of community engagement. Our overarching strategy is to articulate District value and seek support for District programs, services, and initiatives.

G.1 Partnership Development – In order to enhance strategic partnerships, the District will initiate meetings with the County of El Dorado, neighboring public agencies, and local agencies to include community and county Civic Groups.

G.2 Build Strong Community Partnerships – The District will reach out to the community to explore how CSD can work with community supporters to build stronger partnerships. The District will increase staff participation at the Shingle Springs/Cameron Park, El Dorado County and El Dorado Hills Chambers of Commerce activities and other community groups to make sure the CSD is out in the community. Build on partnerships with different organizations throughout the Cameron Park Community and look for and solicit new relationships and partnerships.

G.3 Government Partnerships – The District will create ad hoc committees with government partners, as needed, to discuss relevant District issues. The District will partner with existing governing agencies and tribal nations to mutually implement a permanent desired solution to our current major corridor issues such as weed abatement projects.

G.4 Non-Profit Partnerships – To strengthen community events and spread costs on an on-going basis, the District will seek out and develop co-sponsorship opportunities with community based non-profit organizations. Continue to work with the Cameron Park Community Foundation, 501c3, to co-sponsor events and to utilize for grants that require a non-profit status.

G.5 Program Partnerships –*District employees will meet with local partners (senior community, medical facilities, etc.) regularly to review collaborative efforts and facility utilization to best serve the community. The CSD will correlate, review and update current facility use agreements and memorandums of understanding (MOU), as well as program contracts between the District and other agencies.*

Implemented.

H. Address Deferred Maintenance Needs – Our objective is to make significant strides on identified deferred maintenance needs within the five-year term of this Plan. Our strategy is to update plans and to prioritize and implement them in a fiscally responsible manner.

H.1 Browning Reserve Study – A detailed analysis of the District’s physical assets is necessary to plan for future needs and allow the District to set aside the money required to meet those needs. Staff has engaged the Browning Reserve Group to create a detailed study that recommends the appropriate reserve levels needed to keep the District’s physical assets in good working condition. The Board will strategically use and update this study when considering the amount to be reserved each year for maintenance or replacement of District assets, including vehicle replacement considerations.

Implemented.

H.2 Adopt Reserve Plan – As mentioned in Part A above, the District must set aside funds for the purpose of maintaining its physical assets. This is a necessary strategy to insure that repair or replacement work can take place immediately when it is required. Funding and expense decisions will be based on a Reserve Program developed by staff and adopted by the Board.

Not Implemented.

- I. **Stay Ahead of Best Practices for Administration of the District** – District Board members and staff will strive to continue to keep current with the latest administration practices.
 - I.1 **Staff and Board Development** – Training for both District Board of Directors and staff.
 - I.2 **Certifications** - Earn certifications for the Board of Directors, staff and the District demonstrating compliance and excellence.
 - I.3 **Strategic Plan Update** – Annually update the Strategic Plan to make adjustments for current needs and priorities.

Implemented.

Community Services District

Agenda Transmittal

DATE: January 7, 2020

FROM: Jill Ritzman, General Manager

AGENDA ITEM #5: POLICY 4060: COMMITTEES OF THE BOARD OF DIRECTORS

RECOMMENDED ACTION: REVIEW AND DISCUSS

Since December 2017, staff provided a list of best practices for Board Presidents to consider when assigning Board members to standing committees. The best practices are taken from other local agencies in the region. Since this same document has been used by the past three Presidents, staff is recommending that these best practices be considered for inclusion in *Policy 4060: Committees of the Board of Directors*.

Attachment:

5A – Policy 4060 in Track Changes

Cameron Park Community Services District

POLICY HANDBOOK

POLICY TITLE: Committees of the Board of Directors

POLICY NUMBER: 4060

4060.1 The Board President shall appoint such ad hoc committees as may be deemed necessary or advisable by himself/herself and/or the Board. The duties of the ad hoc committees shall be outlined at the time of appointment, and the committee shall be considered dissolved when its final report has been made.

4060.2 The following shall be standing committees of the Board:

4060.2.1 —Covenants Conditions & Restrictions Committee;

4060.2.2 Parks and Recreation Committee;

4060.2.3 Budget & Finance Committee; and,

4060.2.4 Fire & Emergency Services Committee

4060.3 The purpose and objectives of standing committees is to: have Board members become familiar with all aspects of the District's operations; build strong staff-Board member and Board member-Board member relationships; provide feedback and in-depth discussion on topics prior to Board consideration; work with staff to prepare items for Board agendas; and prepare all Board members for serving as Vice President and President. The President will consider an equal, fair division of labor and influence when assigning Board members to committees.

4060.3.1 Rotate Board members through all committees depending upon the Board member's longevity.

4060.3.2 Board members serve two years on same committee leaving one Board member behind for continuity; or Board members serve one year.

4060.3.3 Existing member moves to committee chair.

4060.3.4 Avoid pairing same two Board members on two committees.

4060.3.5 In a four year term, Board member has opportunity to serve on at least two committees.

4060.3.6 President and/or Vice President serves on Budget and Administration Committee.

4060.3 The Board President shall appoint and publicly announce the members of the standing committees for the ensuing year no later than the Board's regular meeting in January.

4060.4 The Board's standing committees may be assigned to review District functions, activities, policies, and/or operations pertaining to their assigned committee. ~~designated concerns, as specified below.~~ Said assignment may be made by the Board President, a majority vote of the Board, or on their own initiative. Any recommendations resulting from said review should be submitted to the Board via a written or oral report.

4060.4.1 All meetings of standing committees shall conform to all open meeting laws (e.g., "Brown Act") that pertain to regular meetings of the Board of Directors.

Adopted 1/16/08 Regular Board Meeting

Revised January XX, 2020

4060—1

Agenda Transmittal

FROM: Vicky Neibauer, Finance and Human Resources Officer

AGENDA ITEM #7A: **FIRE DEPARTMENT FISCAL YEAR 2018-19 YEAR END**

RECOMMENDED ACTION: RECEIVE AND DISCUSS

This is a report back regarding CAL FIRE's 2018-19 year end contract costs to the Cameron Park Community Services District (District).

The District contracts with CAL FIRE to provide fire and emergency response services including providing those advanced life support ambulance services required in the El Dorado County Emergency Services Authority (JPA) contract. CAL FIRE supplies the staffing to support the JPA ambulance services. CAL FIRE's contract includes both agencies expected costs and CAL FIRE invoices the District for a combination of both agencies service costs. The JPA reimburses the District for the JPA services paid under the CAL FIRE contract. CAL FIRE contributes to the District's financial position by holding down contract costs while still providing exceptional services.

This Committee requested two worksheets to summarize CAL FIRE's financial results at the close of Fiscal Year 2018-19. One worksheet is an analysis of CAL FIRE and JPA costs combined as the CAL FIRE Contract includes both. The second is an analysis with CAL FIRE contract service costs separate from the JPA's services costs. Looking at the final calculations, CAL FIRE's total under contract amount is the same amount on both worksheets, \$398,894. The difference between the two reporting methods is that the second worksheet splits the under contract amount by CAL FIRE and the JPA showing that the JPA contributed \$19,918 to the under contract amount while CAL FIRE's reported contribution is less by \$19,918.

AGENDA ITEM #7C: **FISCAL YEAR 2019-20 SECOND QUARTER BUDGET TO ACTUALS REPORT**

RECOMMENDED ACTION: RECEIVE AND FILE

INTRODUCTION

The Fiscal Year 2019-20 Second Quarter Budget to Actuals report is attached, and the District is on track with revenue/expenditures to budget. The reporting period is 7/1/19 through 12/31/19 or 50% of the Fiscal Year.

DISCUSSION

For the Second Quarter Budget to Actuals report, variances are common due to one-time payments at the beginning of a fiscal year and seasonal programs. Some accounts appear to be over-expended, such as the one-time liability insurance payment; and seasonality of services such as pool and lagoon operations. Paid registration takes place for summer recreation programs during the months of April through June, and less revenues transacted July and August. Most of the summer expenditures occur during the months of July and August, and less during the month of June.

Total revenues are 15.5% collected at this time. This is largely due to the timing of property tax payments which are generally received in January, March and July. Also, much of our revenues for programs are collected between April and June. This is due to the seasonality of our operations.

Total Expenditures are 23.8% expensed at this time. Again, this is largely due the seasonality of our operations where most of our program expenditures occur during the

summer. Also, some expenses are on an annual basis so it may appear as though some accounts are over expended.

Staff is working towards better tracking of recreation and community center revenues, in both Abila and RecTrac. As staff reviews and updates the Recreation Department budget, measures will be put into place to more accurately track revenues and their sources.
